An ultra-compact, responsive GBBR rifle designed for action in confined spaces.

The VFC Rattler LT APFG is a GBBR replica in SBR format, inspired by modern MCX platforms. Its compact design, folding stock, and impactful blowback offer an immersive shooting experience, perfectly suited to tight spaces and players seeking maximum responsiveness.

- **Compact size** : ideal for CQB and fast travel.
- **CNC folding SIG stock** : optimized stability and ergonomics.
- **Ambidextrous controls** : intuitive handling for right-handed/left-handed users.
- **M-LOK metal handguard** : complete modularity for accessories.
- **Top Picatinny rail** : ready for optics, laser or sight.
- **14mm CCW flash hider** : compatible with silencers, tracers and amplifiers.
- **Accessible hop-up** : easy adjustment to fine-tune the trajectory.
- **Real-Cap 30-round magazine** : dry-fire mode can be activated.

With its compact design and M-LOK handguard, the Rattler LT excels in dynamic scenarios. The CNC-machined, folding SIG stock facilitates transitions in tight spaces, while the ambidextrous controls make every action instinctive. Its crisp, responsive blowback adds a touch of realism that enhances immersion.

The Real-Cap 30-round magazine features a switch to enable or disable dry firing, ideal for adapting the replica for training sessions or immersive games. Hop-up adjustment is easily performed via an Allen key from the front of the replica, facilitating fine-tuning for accuracy and consistency.

The **Rattler LT APFG** is designed to offer mobility, responsiveness, and ease of use. Thanks to its robust materials (metal, aluminum, polymer), ambidextrous controls, and compact SBR format, it positions itself as a formidable option in urban environments or confined spaces.

Box contents

- VFC Rattler LT APFG GBBR replica
- Real-Cap 30-round magazine with dry-fire mode
- Instructions and standard accessories

FAQ

Is the Rattler LT suitable for CQB?

Yes, its ultra-compact SBR format makes it ideal for tight corners and fast travel.

Can M-LOK accessories be installed?

Yes, the handguard accepts all standard M-LOK accessories.

Is the stock removable or simply foldable?

It folds laterally and is mounted on a robust CNC hinge.

Does the magazine allow for dry firing?

Yes, a dedicated switch allows you to enable or disable this function.

Is the hop-up difficult to adjust?

No, it is easily adjusted with an Allen key via the front of the handguard.
