Long and lightweight charger, ideal for optimizing the battery life of your MD9-K.

The **MAXIM DEFENSE VFC MD9-K 50-ROUND MAGAZINE** is a high-capacity gas magazine designed for MD9-K GBBR replicas and VFC/Umarex Glock compatible platforms. Its lightweight aluminum construction ensures excellent durability while remaining comfortable to carry, and guarantees consistent feeding even during sustained firing.

- **Aluminium body** : lightweight, rigid and durable.
- **50-ball capacity** : perfect for extended engagements.
- **Compatible with VFC / Umarex Glock** : great versatility of use.
- **Gas supply** : consistent firing and reliability.
- **Ideal for MD9-K** : stable power supply on modern SMG platforms.

Thanks to its aluminum body, the **MD9-K 50-round magazine** offers an excellent weight-to-strength ratio. Ideal for sustaining a high rate of fire or for securing long CQB sequences, it provides significantly more capacity compared to standard magazines.

Its brass valves ensure a good seal and smooth gas flow. Compatibility with VFC/Umarex Glock gas replicas makes it a relevant choice for players who already own a secondary platform or a PCC using the same magazines.

Designed to offer **more autonomy, comfort and stability** , this MD9-K 50-round magazine meets the needs of modern SMG GBBR users and players oriented towards a dynamic style of play.

FAQ

Does this magazine work with the MD9-K replica?

Yes, it is perfectly compatible and designed to power the platform stably.

Can it be used on a VFC / Umarex Glock GBB replica?

Yes, it is compatible with series 17, 18 and 19.

Is the charger heavy?

No, its aluminum body allows it to remain lightweight despite its high capacity.

Should the valves be lubricated?

Yes, regular maintenance helps to maintain maximum watertightness.

Is it suitable for low temperatures?

Like any gas charger, it works best in temperate weather, but its aluminum design helps stabilize performance.
