Robust tactical belt with metal buckle and laser-cut MOLLE system.

The **CORSO Belt Hook Laser MK1** is a low-profile tactical belt designed to offer optimal support and high modularity thanks to its laser-cut MOLLE system.

- **Color:** Multicam Black
- **Material:** 100% **polyester**
- **Width:** 45 mm
- **Buckle: Cobra** -type metal
- **Available sizes:** S/M (88-110 cm), L/XL (98-130 cm)

A belt designed for action

Whether for a tactical mission, a training session at the range, or an extended patrol, this model stands out for its functional design and **modularity** . With its **laser-cut** MOLLE system, it allows for **extensive customization** : pouches, holsters, or accessories can be attached precisely and without adding bulk.

Cobra-type metal buckle : enhanced security

The choice of a **metal "cobra" buckle** is not arbitrary. This quick-release system combines **ultra-secure locking** with **ease of use** , even with gloves. A simple press on the side levers is all it takes to release the buckle, while ensuring a firm hold during exertion.

Inner belt included : optimal support

The belt comes with an **inner hook-and-loop fastener** for a secure, slip-free fit. Once in place, the outer part of the belt is securely fastened over the inner loop. This dual structure ensures **excellent stability,** even under load.

Comfort and robustness in complete discretion

Made from **durable polyester** , this belt offers a good balance between **lightness** and **strength** . Its low profile prevents discomfort when seated or in a vehicle. The **Multicam Black** color blends

seamlessly into urban or tactical environments, while maintaining a clean and professional look.

FAQ

What sizes are available for this belt?

Two sizes are offered: S/M (88 to 110 cm) and L/XL (98 to 130 cm), to fit most body types.

Is this belt compatible with standard trouser belt loops?

No, at 45 mm wide, it doesn't fit through standard belt loops. It's designed for external wear with an internal belt loop.

Can a rigid holster or magazine pouch be attached to it?

Yes, thanks to the laser-cut MOLLE system, the belt allows you to attach any type of compatible equipment: holsters, pouches, magazine holders, etc.
