Set of 4 adapters for airsoft magazines, compatible with Acetech Speedloader.

The **ACETECH Speedloader Adapter Set** includes 4 units specifically designed to fit different types of **airsoft magazines** . They ensure smooth and precise BB guidance during loading, reducing the risk of jams or misalignment.

- **Quantity:** set of 4 adapters
- **Compatibility:** Acetech electronic speedloader
- **Mounting:** direct mounting onto the device
- **Usage:** GBB and AEG magazines (common models)
- **Finish:** High-precision 3D printing

An essential accessory for your speedloader

These **specific adapters** allow the electronic speedloader to perfectly fit different charger models, ensuring **fast, precise, and lossless charging** . The mounting system is simple, and each adapter easily inserts into its designated slot on the main unit.

Wide compatibility with airsoft magazines

Each adapter is numbered or marked to fit a **wide variety of GBB or AEG magazines** , with the exception of certain specific models like the P320. This allows the speedloader to be used reliably with multiple brands and formats.

Durable materials and optimized design

Made from **high-density 3D ABS** , these adapters are durable, lightweight, and resistant to the heat generated by rapid refilling cycles. The fit is firm yet gentle to protect the charging contacts of your chargers.

FAQ

Are these adapters universal?

They are designed to work with many GBB and AEG magazines, but some specific models like the P320 are not compatible.

Do the adapters need to be permanently fixed?

No, they are removable and interchangeable at any time depending on the type of charger used.

Is the set sold with the speedloader?

No, this set is a complementary accessory intended for use with an Acetech Speedloader (sold separately).
