Compact and realistic MWS magazine for controlled GBBR gameplay.

The **VORSK Airsoft VMAR Series MWS 25R** is an airsoft gas magazine designed for MWS platforms, offering realistic capacity, optimized gas efficiency and a design intended for durable GBBR use.

- **Type:** Gas charger
- **Capacity:** 25 marbles
- **Compatibility:** Compatible with MWS replicas
- **Outer material:** HIPS polymer
- **Internal structure:** Steel
- **Weight:** 451 g
- **Colors:** Black, Tan, Gray

A charger designed for realism MWS

With its **realistic 25-round capacity** , this magazine perfectly embodies the **MWS gas blowback** spirit. It promotes tactical reload management and increased immersion, particularly appreciated during realistic gameplay.

Gas efficiency and simplified design

The deliberately streamlined internal design minimizes unnecessary mechanical interactions. This approach improves **gas efficiency** and allows for **approximately 65 BBs to be fired per fill** under standard conditions, while maintaining a smooth and consistent cycle.

Steel structure and HIPS polymer envelope

The **VMAR Series 25R** features an **all-steel internal structure** , ensuring realistic weight and authentic handling. The **HIPS polymer** outer shell provides good durability while maintaining a manageable overall weight.

Valve compatibility and easy maintenance

This loader uses a **VORSK inlet valve** common to the **VMP** and **Hi-Capa** series, combined with a **VORSK VMP outlet valve** . This consistent choice facilitates maintenance, parts availability, and the management of a homogeneous loader fleet.

An accessible format for equipping yourself with GBBRs

Thanks to its competitive positioning and reliability-oriented design, the **VMAR 25R** makes it easier to build a complete MWS magazine setup. It supports realistic, smooth, and durable GBBR gameplay without unnecessary complexity.

FAQ

Is this charger compatible with all MWS replicas?

Yes, it is compatible with gas blowback airsoft replicas using the MWS standard.

How long does a gas refill provide?

Under standard conditions, one fill allows approximately 65 BBs to be fired.

What colors are available for this model?

This charger is available in three colours: Black, TAN and Grey.
