BLS precision with a controlled environmental commitment

BLS BIO Precision 6mm airsoft BBs combine renowned shooting consistency with an environmentally friendly design. Made from biodegradable PLA, they offer a stable and reliable trajectory, both indoors and outdoors.

- **Biodegradable PLA beads** from renewable sources
- Constant diameter for smooth feeding
- Very low dimensional tolerance
- Compatible with most standard and slightly upgraded replicas
- Practical and protective bottle packaging

BLS BIO Precision 6mm airsoft BBs are designed for players who are mindful of both performance and environmental impact. Their biodegradable PLA construction allows for natural degradation on the field, while maintaining excellent trajectory stability and consistent accuracy, even at long range.

Box contents

- 1 bottle of BLS BIO Precision 6mm airsoft BBs

- **Weights available:** 0.25 g, 0.28 g, 0.30 g, 0.32 g
- **Material:** Biodegradable PLA
- **Packaging:** Resealable bottle
- **Quantity:** Approximately 3400 marbles
- **Compatibility:** Standard and slightly upgraded airsoft replicas
- **Brand:** BLS Precision

FAQ

Are these beads truly biodegradable?

Yes, they are made of PLA, a compostable material of renewable origin.

Are they suitable for replicas with precision barrels?

Yes, their tight tolerance ensures excellent compatibility with finely tuned cannons.

Why choose bottled packaging?

The bottle protects the BBs from moisture and makes reloading magazines easier.

Are these marbles suitable for outdoor play?

Yes, they are particularly appreciated on terrains requiring biodegradable ammunition.
