An explosive .177 pistol with a Deadpool design and razor-sharp responsiveness.

The **AW Custom VX7202 Mod 2** is a .177 CO^2 blowback airgun pistol combining lightness, responsiveness and a distinctive Deadpool design.

- **Caliber:** .177 (4.5 mm)
- **Operation:** CO^2 blowback
- **Design:** Deadpool - Mod 2
- **Carcass:** lightweight polymer
- **Slide:** aggressive grooves (3 styles)
- **Accessory rail:** integrated

A Deadpool edition that's turning heads

The **AW Custom VX7202 Mod 2** clearly displays its identity with a striking red and black Deadpool finish. Graphic markings, bold contrasts... it's hard to miss. On the firing line, it immediately commands attention - while remaining fully functional.

VX7 platform: lightweight and responsive

Based on the VX7 series, this model benefits from a polymer frame that lightens the overall weight without compromising rigidity. The **CO^2 blowback** system offers a fast and smooth cycle, with a light but noticeable recoil. In practice, this translates to increased speed without sacrificing control.

Optimized ergonomics and control

The textured, stippling-style grip ensures a firm hold, enhanced by the well-designed ergonomics of the trigger guard. The aggressively serrated slide guarantees secure handling - even in dynamic conditions or with slightly wet hands.

Equipment and modularity

The threaded external barrel allows for the installation of the included compensator (AW-K04102), adding an aesthetic and functional touch. The integrated lower rail allows for the addition of accessories such as a light or laser.

A model designed for dynamic shooting

This pistol is aimed at **recreational shooting** and **airsoft** enthusiasts looking for a lightweight, fast, and visually striking platform. It's exactly the kind of model that combines visual appeal with a satisfying shooting experience.

- **External barrel:** threaded
- **Charger:** VXMG07 included
- **Compensator:** AW-K04102 supplied
- **Series:** VX7 Mod 2

FAQ

Is this version purely aesthetic?

No, the Deadpool finish is visual, but the gun retains all the performance of the VX7 platform with reliable and dynamic CO^2 blowback operation.

Is the compensator included?

Yes, the model comes with an AW-K04102 compensator compatible with the threaded outer barrel.

What is this model intended for?

It is designed for dynamic recreational shooting and leisure Air Action, with an approach focused on responsiveness, lightness and enjoyment of use.
