Compact design and easy transport

The **Demun™ Storm** stands out for its remarkably compact size. Its **SwitchLok™** system with a 90° rotating riser allows the crossbow to be transformed into a flat profile, easy to transport and store in a standard case. A real advantage for frequent travel.

Controlled power and precision

With a velocity reaching **290 FPS** and an energy of 28 ft-lbs, it offers performance suitable for **precision shooting** and pest control (subject to local regulations). Reinforced parabolic limbs and CNC-machined cams ensure consistency and reliability.

Simplified weaponry

The patented **two-stage Break-Action** mechanism reduces the cocking effort by 50%. The included **D-TAC™** extension further reduces this effort by 25%. The result: a smoother and more comfortable tensioning experience, even during extended sessions.

Ergonomics and stability

The folding tactical foregrip ensures a firm and stable hold. The **Soft-Lok Floating Bristle** system securely holds the projectile in place. The automatic safety engages with each cocking for safer operation.

Complete ready-to-shoot package

The set includes:

- **5 Hyperbolts™ carbon 10"**
- **12-point Vermin Broadhead**
- **12-point Vermin Blunt Force**
- **Micro red/green dot sight**
- **D-TAC™ Extension**
- **DEMUN™ Retractable Strap**

Compact, responsive and innovative, the **Demun™ Storm** is aimed at users looking for a modern crossbow that is easy to carry and quick to set up.

FAQ

Is the crossbow delivered ready to use?

Yes, it comes with a sight, carbon projectiles, tips, cocking extension and sling.

What effort is required to arm it?

The Break-Action system reduces arming effort by 50%, and the included D-TAC™ extension further reduces this effort by an additional 25%.

Can it be easily transported?

Yes, thanks to the rotating SwitchLok™ system, the crossbow adopts a flat profile, making it easy to transport and store.
