Precision, power and integrated scope for demanding recreational shooting.

Designed for shooters seeking both performance and consistency, the **Gamo Big Cat 1000E** offers an excellent balance of **power, shooting comfort, and affordability** . Equipped with a Gamo 4x32 scope, it stands out for its robustness and accuracy.

- **Speed** : up to 280 m/s
- **Action** : single shot via break-barrel
- **Engine** : piston spring
- **Optics included** : LC 4x32 scope

- **Caliber** : 4.5 mm (.177)
- **Power** : 19.9 joules
- **Total length** : 109 cm

With its 24 joules of power and included scope, the **Gamo Big Cat 1000E** is aimed at target shooting enthusiasts seeking reliability. This spring-powered model combines mechanical tradition and immediate enjoyment in a balanced and robust design.

Performance and stability

Thanks to its robust spring-piston system, this rifle delivers a muzzle velocity of **305 m/s** in 4.5 mm caliber - ensuring accurate shots at medium range. The black synthetic stock provides a comfortable grip, even during extended shooting sessions.

Integrated bezel

Supplied with a **4x32 WR LC** scope, the Big Cat 1000E is ready to use right out of the box. A significant advantage for beginners as well as experienced shooters looking for a well-balanced and compatible rifle package.

Usage and legislation

With a power of 19.9 joules, this rifle is classified in category D. It is ideal for **recreational shooting at a range or on private land** , in compliance with the safety rules in force.

FAQ

Is this rifle suitable for a beginner shooter?

Yes, the Big Cat 1000E is a good choice to start with, thanks to its controlled power, included scope and simple break-barrel system.

Do I need a permit to buy this rifle?

No, an identity document and proof of age (+18 years) are required for purchase.

Can the LC 4x32 WR scope be adjusted?

Yes, the scope is equipped with windage and elevation adjustment turrets to adjust the shot according to the distance or conditions.
