BLS airsoft BBs available in eleven weights

BLS 6mm airsoft BBs are available in a selection ranging from **0.20g to 0.48g** . This wide range allows you to choose the weight that corresponds to the characteristics and settings of your replica, following the manufacturer's recommendations.

Non-biodegradable white beads

These **6mm white BBs** are standard, non-biodegradable, and non-traceable. They are offered in a 1kg bag, common to all weights. BLS manufactures high-precision BBs used in the airsoft market, including for product lines distributed under other major brands.

A resealable bag that's easy to handle

The bag is equipped with a **quick zip closure** . After taking the required amount, simply reseal the packaging for easy storage and to limit accidental openings during handling.

FAQ - BLS 6 mm airsoft standard pellets - 1kg bag

How many marbles are in a 1 kg bag of BLS?

The number of marbles depends on the selected weight, the packaging being defined by a total mass of 1 kg.

Are different weights mixed in the same bag?

No. Each reference corresponds to a single weight of beads, packaged separately.
