# BLS Precision Ultimate Heavy 6mm BBs - 1000 BBs

https://sport-attitude.com/en/produit-21716-BLS-Precision-Ultimate-Heavy-6mm-BBs-1000-BBs

NEW

| SKU | Designation | French Law | Caliber | Projectile | Weight (g) | Pack. | Colors | MSRP |
|---|---|---|---|---|---|---|---|---|
| BB2005 | 0.36 g - 1000 bbs sachet | Vente libre | 6 mm airsoft | BBs airsoft | 0.36 | 1000 | White | 20.00 € incl. tax |
| BB2006 | 0.40 g - 1000 bbs sachet | Vente libre | 6 mm airsoft | BBs airsoft | 0.4 | 1000 | White | 22.00 € incl. tax |
| BB2037 | 0.43 g - 1000 bbs sachet | Vente libre | 6 mm airsoft | BBs airsoft | 0.43 | 1000 | White | 22.00 € incl. tax |
| BB2038 | 0.45 g - 1000 bbs sachet | Vente libre | 6 mm airsoft | BBs airsoft | 0.45 | 1000 | White | 22.00 € incl. tax |
| BB2039 | 0.48 g - 1000 bbs sachet | Vente libre | 6 mm airsoft | BBs airsoft | 0.48 | 1000 | White | 22.00 € incl. tax |
| PCKBB2005 | 0.36 g - carton of 40 sachets | Vente libre | 6 mm airsoft | BBs airsoft | 0.36 | 40000 | White | 599.00 € incl. tax |
| PCKBB2006 | 0.40 g - carton of 40 sachets | Vente libre | 6 mm airsoft | BBs airsoft | 0.4 | 40000 | White | 799.00 € incl. tax |

## High-precision, heavy ivory-colored airsoft BBs for demanding players.

**BLS Precision Ultimate Heavy 6mm BBs** are designed for airsoft players seeking excellent shooting consistency. Their **5.95mm diameter with a tolerance of ±0.01mm** ensures high dimensional uniformity. Their **ivory color** facilitates visual trajectory tracking, while their **resealable 1,000-round bag** packaging allows for convenient storage. These heavy, non-biodegradable, and non-traceable BBs are particularly well-suited to airsoft replicas with settings that allow the use of heavier BBs.

- **Brand:** BLS Precision
- **Range:** Ultimate Heavy
- **Type:** High-precision heavy airsoft BBs
- **Caliber:** 6 mm Airsoft
- **Outer diameter:** 5.95 mm
- **Dimensional tolerance:** ± 0.01 mm

- **Material:** non-biodegradable
- **Color:** Ivory
- **Trace:** no
- **Quantity:** approximately 1,000 marbles
- **Packaging:** resealable zip-lock bag

**Heavy marbles designed for precision**

**BLS Precision Ultimate Heavy 6mm BBs** are designed for players seeking excellent dimensional consistency and trajectory stability. Heavy BBs are particularly appreciated in precision airsoft setups, especially with replicas equipped with a hop-up system capable of effectively lifting heavy BBs.

Their greater mass compared to lighter airsoft BBs, when properly adjusted, allows them to better withstand wind-induced disturbances. This makes them an attractive option for players looking to improve the consistency of their shots at medium and long ranges.

**A diameter of 5.95 mm with a tolerance of ± 0.01 mm**

The manufacturing of **BLS Precision balls** relies on precise control of dimensions. Their stated outside diameter of **5.95 mm** , combined with a **tolerance of ± 0.01 mm** , corresponds to a dimensional range between 5.94 and 5.96 mm.

This consistency helps limit variations in barrel behavior and promotes even feeding. This is a particularly important criterion for users of replicas equipped with **precision barrels** .

**An ivory color for better tracking of trajectories**

Unlike traditional white BBs, the **Ultimate Heavy** range features a distinctive **ivory color** . This hue makes it easier to visually track projectiles in certain lighting conditions, allowing the player to observe their trajectory and adjust their replica's settings.

These balls do not have a tracer function and therefore do not produce any particular light effect when fired.

**A resealable zip-lock bag containing 1,000 marbles**

Each bag contains approximately **1,000 airsoft BBs** and features a **quick-release zip closure** . This convenient packaging allows you to take the desired quantity and then easily reseal the bag.

To preserve the quality of the marbles, it is advisable to keep the bag closed, away from moisture, dust and excessive temperatures.

## FAQ

**Why use heavy airsoft BBs?**

Heavy BBs can offer better wind resistance and a more consistent trajectory at a distance, provided the replica has adequate power and hop-up adjustment.

**Are BLS Ultimate Heavy pellets biodegradable?**

No. The BLS Precision Ultimate Heavy BBs shown here are not biodegradable. Therefore, they are not suitable for fields that exclusively require biodegradable BBs.

**Are Ultimate Heavy BBs suitable for precision guns?**

Their 5.95 mm diameter and ±0.01 mm tolerance ensure good dimensional consistency. However, compatibility depends on the barrel's internal diameter and the replica manufacturer's recommendations.
