A reusable impact airsoft grenade, simple to use and gas-free.

The **Lancer Tactical Grenade Impact Airsoft** is a reusable spring-loaded grenade designed to effectively disperse BBs upon impact. Easy to use and requiring no gas, it's a practical accessory for close-quarters airsoft games.

- **Operation:** Spring mechanism
- **Construction:** High-strength ABS
- **Triggering:** Explosion on impact after pin removal
- **Capacity:** Approximately 130 6mm marbles
- **Compatibility:** 6mm airsoft BBs and 5-8mm projectiles
- **Length:** 13 cm
- **Diameter:** 5 cm
- **Weight:** 142 g
- **Colors:** Black or Red
- **Reusable:** Yes

A simple and effective airsoft grenade

The **Lancer Tactical Grenade Impact Airsoft** offers a practical solution for simulating an area-of-effect attack during airsoft games. Thanks to its spring-powered mechanism, it requires no gas, CO ? cartridges, or propane. Its use is therefore particularly economical and ideal for players looking

for easy-to-use equipment.

Automatic triggering upon impact

Once the pin is removed, the grenade is ready for use. Upon contact with a surface, the mechanism instantly releases the pellets inside. This intuitive operation allows for quick and easy handling, even for players new to this type of accessory.

Large carrying capacity

With a capacity of approximately 130 6mm BBs, this grenade effectively covers a room, corridor, or confined area. It is a valuable addition for CQB scenarios where managing tight spaces is crucial.

Sturdy and reusable construction

Made from **high-strength ABS** , it is designed to withstand the rigors of regular use. Its fully mechanical system reduces maintenance and promotes a long lifespan. After use, simply reset and recharge it to get back in the game.

Fast loading

Refilling is simple: just unscrew the grenade body to access the internal compartment. This design facilitates handling in the field and allows for quick reactivation between rounds.

- **Resetting:** Approximately 5 seconds
- **Propulsion type:** Mechanical spring
- **Consumables:** No gas required
- **Compatibility:** 6mm BBs and 5-8mm projectiles
- **Use:** Airsoft CQB and tactical scenarios
- **Maintenance:** Simple cleaning after use

An essential accessory for close combat

In a confined space, behind a door, or to dislodge a entrenched team, this grenade adds an extra tactical dimension to airsoft games. Its light weight makes it easy to carry, while its reusable design allows it to be used game after game without additional cost.

FAQ

Does this grenade require gas or CO??

No. Its operation is entirely mechanical thanks to an integrated spring system.

How many marbles can it hold?

The maximum capacity is approximately 130 6mm balls.

Can it be reused after each throw?

Yes. The grenade is fully reusable and can be quickly reloaded and rearmed after use.
