Compact and robust 150-round magazine for AK74 AEG replicas.

The **BO Manufacture AK74 AEG Mid Cap 150-round magazine** is designed for **airsoft** players looking for a reliable, realistic, and robust magazine for their AK74-type electric replica.

- **Type:** Mid Cap Charger
- **Capacity:** 150 shots
- **Compatibility:** AK74 AEG replicas
- **Material:** Full metal
- **Color:** Black

A charger designed for immersive gaming

On the field, some players prioritize realism over maximum capacity. The **BO Manufacture AK74 AEG Mid Cap 150-round magazine** perfectly embodies this approach, offering a capacity consistent with the spirit of AK-style replicas. It's exactly the kind of equipment that enhances immersion while maintaining excellent battery life.

Robust all-metal construction

Its all-metal construction gives it excellent resistance to repeated handling, dynamic movement, and the stresses encountered during **airsoft** games. Its solid feel and realistic appearance are immediately apparent.

Capability adapted to tactical scenarios

With a 150-round capacity, this magazine promotes more realistic ammo management while remaining generous enough for effective forest, CQB, or milsim games. It also encourages the use of multiple magazines for a more authentic experience.

Compatible with AK74 AEG replicas

Designed for compatible AK74 electric platforms, this model ensures a consistent feed of BBs and blends seamlessly with the characteristic aesthetics of the AK family.

- **Finish:** Black
- **Use:** Airsoft
- **Platform:** AK74
- **Ergonomics:** Format faithful to the original charger
- **Gameplay style:** Milsim, tactical, immersive

FAQ

Is this magazine compatible with all AK74 AEG replicas?

It is designed for compatible AK74 AEG replicas. Compatibility may vary depending on the manufacturer and the tolerances specific to each model.

Why choose a 150-round magazine?

This capability promotes a more realistic gaming experience while maintaining sufficient battery life for most airsoft scenarios.

What kind of maintenance should be planned?

Regular cleaning and storage away from moisture will help maintain the charger's performance and longevity.
