## Lightweight and robust 500-round polymer magazine for AK74 AEG replicas.

The **BO Manufacture AK74 AEG Mid Cap 500 round magazine** offers a large carrying capacity in a lightweight format thanks to its **polymer** design, ideal for users of electric AK74 replicas.

- **Type:** High Cap Charger
- **Capacity:** 500 shots
- **Compatibility:** AK74 AEG replicas
- **Material:** Polymer
- **Color:** Black

### A high-capacity magazine to keep you in the action

During long **airsoft** games, having a large supply of BBs allows you to stay focused on your objectives. The **BO Manufacture AK74 AEG High Cap 500-round magazine** meets this need with a generous capacity while maintaining a manageable weight thanks to its polymer construction.

### Lightweight and durable polymer design

The polymer used offers an excellent balance between robustness and lightness. This design reduces the weight of the equipment carried while ensuring good resistance to the stresses encountered in the field. In practice, this results in greater comfort during extended trips.

### Capacity suitable for intensive use

With its 500-round capacity, this magazine reduces the need for frequent reloads and allows you to confidently tackle even the most demanding scenarios. It's a smart choice for players seeking autonomy and efficiency without needing to carry multiple spare magazines.

### Compatible with AEG AK74 platforms

Designed for compatible electric AK74 replicas, this model ensures a regular feed of BBs while maintaining the characteristic aesthetics of this iconic **airsoft** platform.

- **Finish:** Black
- **Use:** Airsoft
- **Platform:** AK74
- **Structure:** Reinforced polymer body
- **Weight:** Reduced compared to a full metal model

**FAQ**

**Is this magazine compatible with all AK74 AEG replicas?**

It is designed for compatible AK74 AEG replicas. Compatibility may vary depending on the manufacturer and model.

**What are the advantages of the polymer?**

The polymer allows the weight of the charger to be reduced while maintaining good resistance to shocks and repeated handling.

**Is this charger suitable for long gaming sessions?**

Yes, its 500-round capacity helps limit reloading and increase autonomy on the field.
