A more comfortable weapon for everyday use

During long **crossbow shooting** sessions, repeated cocking can quickly become tiring. The **Barnett Hyper Raptor Rope Cocking Device** was developed to significantly reduce the effort required while promoting a smooth and controlled draw.

Effort reduction of up to 50%

Thanks to its leverage system, this accessory reduces the tension felt during cocking by up to 50%. This assistance improves user comfort and facilitates the preparation of the crossbow before each shot.

Self-leveling hook system

The self-leveling hooks ensure balanced pull on both sides of the string. This design helps maintain consistent draw and optimize the crossbow's performance.

Ergonomic handles with magnetic locking

The handles feature diamond knurling for a secure and comfortable grip. The magnetic locking system makes it easy to store the set when not in use.

- **Rope length:** 36 inches
- **Handling:** Ergonomic soft grip
- **Storage:** Integrated magnetic system

- **Use:** Assisted cocking of a crossbow
- **Design:** Automatic traction balancing

Exclusive Hyper RAPTOR™ compatibility

This model was specifically designed for **Barnett Hyper RAPTOR™** crossbows. This dedicated compatibility ensures optimal performance and use tailored to the characteristics of this platform.
