High capacity HPA reservoir with 3000 PSI regulator for paintball markers and Airsoft replicas.

The **BO Manufacture 0.8L aluminum HPA bottle** is equipped with a **3000 PSI regulator** to power **paintball markers** and **HPA Airsoft replicas** . Its larger capacity provides extended operating time while ensuring a consistent air supply.

- **Brand: BO Manufacture**
- **Type:** Aluminum HPA cylinder with regulator
- **Capacity: 0.8 L**
- **Regulator pressure: 3000 PSI**
- **Material:** Aluminum
- **Length:** 28 cm
- **Weight:** 1327 g
- **Use:** Compatible with paintball markers and HPA Airsoft replicas

A constant HPA power supply

Equipped with a **3000 PSI regulator** , this bottle delivers stable pressure to ensure consistent operation of **HPA** systems. This consistency is particularly appreciated in **paintball** and **airsoft** , especially during long game sessions.

A capacity designed for autonomy

With its **0.8L** capacity, this bottle offers a larger air reserve than compact models. This allows for longer intervals between refills and makes it an excellent choice for players seeking greater autonomy on the field.

Robust aluminum construction

Its **aluminum** body combines strength and durability while maintaining a light weight for a bottle of this capacity. Its black finish gives it a sleek look and makes it resistant to heavy use.

Compatible with HPA configurations

Designed for **paintball markers** and compatible **HPA Airsoft replicas** , this bottle easily integrates with equipment using a regulated high-pressure supply. Its **28 cm** length offers an excellent balance between capacity and size.

FAQ

Is this bottle compatible with HPA Airsoft replicas?

Yes, it is designed for HPA Airsoft replicas compatible with a 3000 PSI regulator.

Can it be used on a paintball marker?

Yes, this bottle is designed for paintball markers compatible with this type of bottle and regulator.

What are its dimensions?

This bottle measures 28 cm in length and weighs 1,327 g, offering excellent autonomy while remaining easily transportable.
