High-performance mid-cap airsoft magazine

Designed for **ARCTURUS CAT PCC airsoft** replicas, this 105-round **mid-cap** magazine ensures a consistent feed of BBs without the noise characteristic of high-capacity magazines. It is ideal for players seeking discretion, realism, and reliability on the field.

Sturdy polymer construction

Its **high-strength polymer** construction provides an excellent balance between strength and lightness. Resistant to the stresses of intensive use, it also helps to reduce the weight of equipment during long **airsoft** sessions.

Ergonomic elongated format

Its elongated profile facilitates quick handling, magazine changes, and storage in most PCC-compatible magazine pouches. Its wide base provides an effective grip, even with gloves.

An essential accessory on the field

Having multiple magazines allows for seamless gameplay. This model is an excellent addition to the equipment for users of **ARCTURUS CAT** replicas, whether for games, training, or **airsoft** competitions.

FAQ

Which replicas is this magazine compatible with?

It is designed for PCC type ARCTURUS CAT replicas compatible with this magazine format.

Why choose a Mid-Cap charger?

A Mid-Cap magazine provides a consistent feed of BBs without internal noise, resulting in a more realistic and quieter game.

What kind of maintenance should be planned?

It is advisable to keep the charger clean, not to store it fully charged, and to use quality BBs in order to preserve its proper functioning.
