- **Supplied with:** Mounting plate, ARS-1 red dot sight, 31-round magazine, O-rings, return spring, Hop-Up tensioner, tools, cleaning rod and manual.

An Optics Ready version that is immediately operational

The **ARCTURUS Vanguard 4.3" Hi-Capa GBB** features an **Optics Ready** slide and comes with the **ARS-1 red dot sight** . This configuration allows for immediate reflex aiming, offering fast and instinctive target acquisition, particularly appreciated during dynamic **airsoft** games.

A Hi-Capa platform designed to evolve

Thanks to its compatibility with most **Hi-Capa** parts on the market, this replica provides an excellent base for customization. Whether you want to improve performance or modify the aesthetics, the possibilities for upgrades are numerous.

A high-performance and gas-efficient mechanism

The **Gas Blowback** system was developed to offer excellent pneumatic efficiency. The combination of precisely machined components and meticulous sealing ensures a smooth operating cycle, controlled gas consumption, and excellent consistency between shots.

Precision in a compact format

With its 95mm inner barrel and **Hop-Up** system, this 4.3-inch version offers a stable trajectory and consistent accuracy. Its compact size facilitates rapid movement while maintaining performance suitable for short- and medium-range engagements.

Reinforced construction for durability

The mechanism incorporates ten **MIM steel** parts, selected for their excellent wear resistance. This robust design improves the replica's longevity and helps maintain consistent performance throughout the game.

Ergonomics and ease of use

The **fiber-reinforced nylon** grip, with its molded, non-slip texture, ensures a firm and comfortable hold. The ambidextrous magazine release button makes it easy to use for both right- and left-handed players.

SEFP Reinforced Charger

The 31-round gas magazine features **Super Enhanced Formulated Polymer (SEFP)** components, particularly in the feed lips, follower, and base plate. This design improves impact resistance while enhancing the reliability of the feeding system.

FAQ

Is the red dot included with this version?

Yes. This version comes with the ARCTURUS ARS-1 red dot sight as well as the mounting plate adapted to the Optics Ready receiver.

Is this replica compatible with standard Hi-Capa parts?

Yes. The Vanguard 4.3-inch was designed to offer excellent compatibility with many Hi-Capa upgrade parts available on the market.

What does the box contain?

The kit includes the replica, a 31-round ambidextrous gas magazine, the ARS-1 red dot sight, a mounting plate, a set of O-rings, a recoil spring, a Hop-Up tensioner, tools, a cleaning rod, and the user manual.
