A compact micro red dot sight supplied with its Picatinny mount and pistol plate.

The **Lancer Tactical Micro Red Dot** is a compact aluminum **red dot sight** , supplied with a **20mm Picatinny mount** and a **pistol mounting plate** . Its adjustable intensity and windage and elevation adjustments ensure fast and accurate target acquisition.

- **Type:** Micro red dot reflex sight
- **Brand: Lancer Tactical**
- **Construction:** Aluminum
- **Main mount:** 20mm Picatinny rail included
- **Adapter included:** Gun mounting plate
- **Settings:** Adjustable windage and elevation
- **Brightness:** Adjustable intensity red dot
- **Color:** Black

A compact and versatile lens

The **Micro Red Dot Lancer Tactical** is designed for rapid target acquisition while maintaining a compact size. Its small form factor makes it suitable for both long platforms equipped with a **20mm Picatinny** rail and compatible pistols thanks to the included mounting plate.

Full assembly included

Unlike many optics sold separately, this version comes with a **Picatinny mount** as well as a **pistol grip mounting plate** , offering more installation options depending on the platform used.

Simple and precise settings

Windage and elevation adjustments are easily made using the included tool. The red dot's brightness can be quickly adjusted for optimal visibility in all lighting conditions.

Sturdy construction

Its **aluminum** body ensures excellent resistance to regular use while maintaining a low weight. Its discreet design minimizes bulk without compromising the field of vision.

FAQ

Is the Picatinny mount included?

Yes. The viewfinder comes with a 20mm Picatinny rail compatible mount.

Is a gun mounting plate included?

Yes. A mounting plate allowing installation on compatible pistols is supplied with the sight.

Can the point of impact be adjusted?

Yes. The windage and elevation adjustments allow for precise zeroing.
