CLG1091	WELL PRO 38-round gas magazine for WE06 PPK-20 airsoft replica	Vente libre	6 mm airsoft	38	Gas	59.00 € incl. tax

Green Gas 38-round magazine compatible with the WELL PRO WE06 PPK-20 GBBR replica, equipped with the Well Gas Hybrid sealing system.

The **WELL PRO WE06-GM-MAG gas magazine** is specifically designed for the **WE06 PPK-20 GBBR** airsoft replica. With a capacity of **38 6mm BBs**, it provides an extra magazine to extend playing sessions without the need for immediate reloading. Its construction, combining **metal and polymer**, replicates the characteristic curved profile of PPK-20 magazines. Equipped with a **Well Gas Hybrid seal**, it ensures a gas supply optimized for the replica's blowback mechanism. Measuring 201mm in length and weighing 570g, this magazine is a suitable replacement or supplement for WELL PRO WE06-GM users.

A gas magazine dedicated to the WELL PRO WE06 PPK-20

The **WELL PRO WE06-GM-MAG magazine** is designed for the **WE06 PPK-20 GBBR** airsoft replicas from WELL PRO. It features the characteristic curved profile of magazines for this platform and integrates with its gas-operated system.

Its **38-round capacity** provides an extra reserve during airsoft games. It's a suitable solution for replacing an original magazine or supplementing your equipment with several ready-to-use magazines.

Well Gas Hybrid Sealing Technology

This **Green Gas WELL PRO magazine** incorporates a sealing gasket developed for the **Well Gas Hybrid** system. This technology aims to optimize gas transfer between the magazine and the replica's mechanism.

The seal helps maintain a regular gas supply during the firing cycle and ensures the proper functioning of the **Gas Blowback (GBBR)** system, which operates the replica's moving bolt.

A metal and polymer construction

The **WE06-GM-MAG magazine** combines metal and polymer components in a design adapted to the stresses of gas-operated operation. Its curved shape replicates the aesthetics of the PPK-20 magazines.

With a **length of 201 mm** and a **weight of 570 g**, it retains the dimensions and mass of a GBBR magazine designed for this platform.

WELL PRO WE06-GM-MAG Charger Compatibility

This magazine is specifically compatible with the **WELL PRO WE06-GM PPK-20 GBBR airsoft replica** operating on Green Gas.

Compatibility with other PP-19 Vityaz or PPK-20 replicas from different brands is not guaranteed.
