Transport a 0.8L HPA bottle on a compatible MOLLE platform.

The **Corso Dagger MK6 pouch** is designed to carry a 0.8L HPA airsoft tank while keeping small accessories neatly organized. Made primarily of Coyote Tan polyester, it measures 31 x 19 cm and attaches to a compatible platform using its **Laser Cut MOLLE** system. Six rear straps with metal snap fasteners ensure a secure attachment, particularly to the back of a plate carrier or tactical belt. The two-way zipper provides easy access to the main compartment. A second compartment allows for the separation of smaller items for quick retrieval. The external elastic cord adjusts the load and helps keep the contents in place during travel or airsoft games.

A pouch for a 0.8L HPA airsoft bottle

The **Corso Dagger MK6** accommodates a **0.8L HPA airsoft bottle** in a 31 x 19 cm format. Its secondary compartment allows you to separate small accessories from the main compartment to keep your equipment organized and accessible.

MOLLE attachment for tactical equipment

The **Laser Cut MOLLE** system allows the pouch to be mounted on various compatible platforms. The six rear straps and their metal snap fasteners secure the Dagger MK6 to the back of a plate carrier or to a tactical belt.

Quick access and load retention

The **two-way zipper** makes it easy to open the pouch from either direction. The external elastic cord allows you to adjust the load to limit its movement during travel and airsoft games.

FAQ - Corso Dagger MK6 Coyote Tan Pouch

Can the Dagger MK6 be mounted on a thigh plate?

Yes, it can be attached to a thigh plate equipped with a compatible MOLLE interface.
