Double function ring: hang the knife and bottle opener!

- Stainless steel blade
- With corkscrew

The Opinel n°10, best-seller in the collection, evolves and adapts a new essential accessory for opening beer bottles and other bottles with caps. Located at the end of the handle, the steel ring has two functions: to open bottles and allow the knife to be hung or suspended.

Just like the original model, there is also the rod of 5 steel turns to uncork wine bottles.

Finally, equipped with a 10 cm single-edged blade, the Opinel n°10 is the tool that accompanies you every day for your picnics, family meals for cutting cheeses, charcuterie and fruit.
