A replica inspired by an iconic model

The **Arsenal SLR105** features the instantly recognizable lines of the famous AK platform. Its wood-effect finish provides an authentic style that immediately appeals to fans of classic replicas. Once in hand, you'll find the same simple and robust ergonomics that have contributed to the worldwide reputation of this design.

An ideal pack for discovering airsoft

This **Value Pack** version includes a battery, battery charger, sling, and a 420-round Hi-Cap magazine. In other words, everything you need to get started quickly without any immediate additional investment.

Adjustable hop-up to improve trajectory

The **adjustable Hop-Up** system optimizes the range and stability of 6mm BBs. Even on a beginner's replica, this adjustment provides greater shooting comfort and a more consistent trajectory.

A power level suitable for beginners

With an energy of **0.18 Joules** and a velocity of approximately **141 FPS** , this replica remains particularly suitable for young players under supervision or for those new to airsoft in a safe environment. Its light weight of only 900 g also makes it easy to handle during long sessions.

Officially licensed Arsenal JSC

This replica is officially licensed by **Arsenal JSC** , a manufacturer renowned for its Kalashnikov-type platforms. The aesthetic details and proportions faithfully reflect the spirit of the original model.
