Big game hunting arrow fins

Quickfletch vanes arise in an instant, always perfectly aligned and very easily thanks to the heat-shrinkable tube slightly larger than the shaft of the arrow.

The pose in 3 steps:

- 1) Thread the quickfletch tube over the notch.
- 2) Dip gently and gradually the arrow in boiling water. Keep the vanes at least 10s in the water.
- 3) Reroll the arrow, let it dry ... The arrow is ready!
