- **Compatibility:** G36 / CA36 AEG replicas
- **Capacity:** 470 marbles
- **Loading:** Via top hatch
- **Power supply:** Manual dial
- **Function:** Electric AEG replica
- **Caliber:** 6 mm / 0.25
- **Brand:** ASG

A high-capacity charger for G36 platforms

The **ASG G36 470-round magazine** significantly increases the operating time of G36 or CA36 type electric airsoft replicas. With its 470-round capacity, it reduces the need for reloading during intense gameplay.

Easy loading via top hatch

Refilling the BBs is quick and easy thanks to a **top loading hatch** . This design makes handling easier on the field and allows for more convenient reloading between games.

Hi-Cap system with dial

The feeding system is operated via a **manual dial** located under the magazine. Once wound, the mechanism ensures a smooth and consistent feed of BBs into the replica.

Compatible with G36 AEG replicas

This model is designed for **G36 / CA36** series electric airsoft platforms. Its format replicates the characteristic aesthetics of G36 magazines with seamless integration into the replica.

- **Capacity:** 470 marbles
- **Compatibility:** G36 AEG replicas
- **Power supply type:** Hi-Cap with dial
- **Loading:** Via top hatch
- **Caliber:** 6 mm BB

- **Use:** Electric Airsoft

FAQ

Is this magazine compatible with all G36 replicas?

This model is designed for G36 and CA36 compatible electric airsoft replicas.

How does the dial system work?

The wheel located under the magazine allows the internal mechanism to be tensioned in order to feed the BBs into the replica.

How do I fill the charger?

Loading the BBs is easy via the top hatch integrated into the magazine.
